PETITIONING THE COURT

☒ To modify the conditions of supervision as follows:

- 1. Alcohol Monitoring- You must complete Alcohol Monitoring up to an additional 30 days, as approved and directed by your probation officer.**

CAUSE

On January 2, 2025, your Honor signed a request to modify conditions of supervision to include alcohol monitoring for a period of 90 days after Mr. Densmore was arrested in violation of NRS 484C.110 Driving under the Influence of Alcohol. Mr. Densmore was presented with a Prob 49, Waiver of Hearing, and agreed to the modification December 30, 2024.

On January 17, 2025, Densmore began his 90 days on alcohol monitoring, Densmore submitted to all tests without incident and has participated in monitoring without major issues. However, on March 24, 2025, the undersigned received notification that Densmore submitted to his breathalyzer and tested positive for alcohol. The undersigned reached out to Mr. Densmore to

discuss the positive test and initially Densmore informed the undersigned that he had just used mouthwash. The undersigned further communicated that he had alcohol in his system for two hours and confirmed with the third-party contractor that the use of mouthwash would not remain in the system for that long. Densmore admitted he had been drinking the night before and hoped that the alcohol would be out of his system in time for his first test.

The undersigned notified Your Honor of Mr. Densmore's positive alcohol test on March 31, 2025, and to date Mr. Densmore has not tested positive for alcohol since. However, since the last notification, Densmore failed to submit six alcohol tests. Without the ability to verify Densmore's blood alcohol level at the time of the missed tests, there is no way to verify if Densmore was under the influence of alcohol.

On April 11, 2025, Densmore reported to the probation office as instructed and met with Senior United States Probation Officer Mummey, the equipment specialist, to discuss the six missed tests after arguing with undersigned that it was impossible for him to have missed six more tests. After Mr. Densmore met with Officer Mummey, Densmore admitted to the missed tests and stated that his missed or late submissions was not in hopes of circumventing positive alcohol tests, but due to oversleeping or forgetfulness. The undersigned stated that in order to address the positive test from March 24th, and the six failures to test, the undersigned would request a 30-day extension.

On April 16, 2025, Densmore was presented with a Prob 49, Waiver of Hearing, agreeing to submit to another 30 days of alcohol monitoring. As witnessed by his signature on the supplemental document, he is in agreement with the modification. At this time, the undersigned would like to update the Court on Mr. Densmore's status, should any other pertinent information occur pertaining this matter, the undersigned will promptly notify the Court.
